Source: RUPRI Center for Rural Health Policy Analysis, based on Centers for Medicare and Medicaid Services (CMS) data, as of March 2013.

Notes:

(1)Non-metropolitan counties are those that do not contain a metropolitan area. They may include micropolitan counties.

(2)Excludes enrollment in any county and plan if the plan enrolls 10 or fewer enrollees in that county (due to restrictions on data release by CMS), and enrollees in Alaska and US territories (due to data incompatibilities).

(3)HMO = health maintenance organization; MA = Medicare Advantage; PFFS = private fee for service; POS = point of service; PPO = preferred provider organization.

(4)Some states not shown because either they have no rural areas or because the CMS data show no enrollees in rural areas (DC, NJ).

(5)Includes demonstration plans, MSA plans, and other types of CCP (Coordinated Care Plans) plans.

(6)Includes Cost and PACE (Program of All-Inclusive Care for the Elderly) plans.
