*Excludes enrollment in any county/plan if the plan enrolls 10 or fewer enrollees in that county (restrictions on data released by CMS).

**Counties are classified using Urban Influence Codes: Metropolitan (UIC: 1,4), Micropolitan (UIC: 2,5,7), and Rural (UIC: 3,6,8,9). In general, metropolitan counties include those with an urban area of 50,000 or more people. Micropolitan counties include an urban area with at least 10,000 and fewer than 50,000 people. Rural counties have no urban areas with 10,000 people. Metropolitan and micropolitan areas also include outlying counties that are economically tied to the central counties as measured by labor force commuting.

***State totals do not include persons with pending county designations.

Source of Data: Centers for Medicare and Medicaid Services (CMS) data, as of March 2025.
